Dear...,

NGO "Save Life" is inviting you to be our partner for the organization of the Winter Masquerade Ball, in order to attract donations for the treatment of our beneficiaries, children, with serious diseases, who need urgent medical care.

On February 10<sup>th</sup> 2018 we will hold our event in one of the most beautiful location of Chisinau at RADISSON BLU LEOGRAND HOTEL. The event will be held under the patronage of H.E. Valeria Biagiotti, Ambassador of Italy to the Republic of Moldova. We will have as participants our local stars and special invited artists from abroad. We will host more than 200 guests, representatives of business, diplomats, and their families.

During the last year's Winter Ball, we succeeded in gathering 547 200 MDL. This helped us provide dozens of children from the Republic of Moldova with medical treatment, rehabilitation activities and urgent operations.

Here are just some BENEFITS of the event for your business:

- Placement of your commercial on various supports (social and printed media, official documentation of the event etc)
- Direct contact with representatives of different businesses from Moldova and other countries;
- Strengthening of the existing business network;
- Possibility to emphasize your business image, to enhance the trust of existing and potentially new clients;
- Possibility to show social responsibility commitment of your company.

During the Winter Masquerade Ball we will have a number of journalists from many local press and TV channels. Due to very broad media coverage of the event you will have possibility to address to the big auditorium (thousands of people).
