**Transform Knowing  
into Doing**

**23**  
October  
2019

# INVITATION

Hello,

On **October 23<sup>rd</sup>**, at **Face Club** (3-5 Piata Presei Libere Bucharest, behind City Gate Towers), we will hold **the largest event organized this year for the business community in Romania** and I hope you can join us.

To stay ahead of the rapidly changing business environment and remain relevant to both clients and employees, organizations must reinvent processes and create new ways of approaching subjects. We know the theory, we make plans for the future, but what are we going to do tomorrow?

**Let's transform knowing into doing!**

For this event, we have put together our knowledge, expertise and experience with over 40,000 people met yearly during our training classes and events.

The event starts at **9.00 AM** with a coffee and ends around 2.00 PM, with lunch.

The MC of the event is Paula Herlo.

**Please confirm by October 15<sup>th</sup> with an email at: [nowdoconfirm@ascendis.ro](mailto:nowdoconfirm@ascendis.ro)**

Invitation available for 2 persons with managerial positions

## Transform Knowing into Doing

Here are some of the ideas that we will share with you:

**01/ Stop using the word collaboration**  
responsibility, fellowship, camaraderie, team coaching

**02/ Get out**  
go out of the classroom, office, industry

**03/ Apply madness to methodology**  
creativity is more important than ever: Redesign. Rethink. Reinvent.

**04/ Instant, or delayed gratification?**  
a leadership approach to Gen Z

**05/ Getting in their minds**  
rediscover the landscape of events

**06/ CODE OF TALENT**  
apply microlearning for better results and engagement upon learning

**07/ "I am..."**  
our secret (surprise!) speaker

**THE NEW MODEL IS  
WORK IN PROGRESS.**  
let's figure it out together.
