AmCham Christmas Collection Campaign 2014

AmCham Corporate Social Responsibility (CSR) Committee opens the Christmas Collection Campaign 2014.

Over the years, the Christmas Collection Campaign has been a very fruitful and long expected tradition. Generous contributions from AmCham members have brightened the holidays of many children from different houses for children deprived of parental care around the country. In 2013, the tradition turned around and we brought happiness and warmth to elderly people from a nursing home, and this year we want to continue the tradition.

The purpose of this project is to collect warm clothes, slippers, blankets, linens, towels, pampers, socks, groceries, and other goods which will be delivered to the nursing home in Straseni.

We invite you to participate in this very special project by setting up a collection point in your office.

At the end of the collection period, around December 16-17, a courier will come to your office to pick up your company's collected goods. Once all of the donations are collected, AmCham CSR Committee will deliver the donations to the elderly.

Collection period in your company: December 1st - 15th

Collection of goods by courier: December 16th - 17th

Delivery to Nursing Home: tentatively December 18th

Please confirm your participation as soon as possible and provide us the details of the contact person. Please inform us in due time if you want to join the trip to the nursing home.

** If you have any comments or questions regarding the Christmas Collection Campaign, please do not hesitate to contact Elena Buzu at 022 211 781 or elenabuzu@amcham.md.*

Moldovan National High School Debate League & ASSIST: Student Exchange Program

The Moldovan National High School Debate League offers 10th grade Moldovan students the opportunity to spend a year in the UK or the USA, in a secondary institution on a scholarship.

The purposes of this program are:

- To improve Moldovan citizens' English communication and comprehension skills;
- To foster understanding and acceptance of different nationalities, cultures, and religions;
- To encourage confidence in communicating freely with peers and adults;
- To establish intercultural friendships that reach beyond physical borders, etc.

In Moldova, the USA partner ASSIST covers the program's administration costs with the amount of 6,500 USD, but for each student ASSIST needs a donation of 8,000 USD/year.

Therefore, the Debate League appeals to the interested parties for financial support, to be able to continue its work with the Moldovan youth.
